Men Inconsistent —But So Are Events Inconsistent

With the evacuation of 4,940 more GIs the Associated Press reported Wednesday that American troop strength in Vietnam which totaled 543,000 in April 1969 is now down to 120,000—and this will be further reduced to 69,000 by May 1.

President Nixon is only following public opinion, the demand for evacuation of Southeast Asia by our troops now being obvious regardless of party or presidential choice.

Historians may say of all America that she is inconsistent. Certainly the nation's great majority supported the original effort "to confine Communist expansion" and certainly the same majority now wants its armed forces to be brought home. The people may justify continued Air Force strength and continued equipment and financial support for friendly factions in Southeast Asia—but for our ground forces the war is over.

If future critics attack us in the history books Americans might well remember what an English statesman said two generations ago when charged by his opponents with lack of consistency (quoted from memory):

"Events were not consistent—why should I be?"

Weather Fair Over the Nation

By THE ASSOCIATED PRESS

Fair weather prevailed in most of the nation today, but rain and snow persisted in the Northeast and Northwest, aggravating flooding in western New York and mud slides in Oregon.

Hundreds of western New York families took shelter in motels and with friends and relatives as they waited for flood waters to recede.

Worst hit was an area along Cattaraugus Creek in Chautauque County, where more than 400 persons were evacuated. Flooding also was reported along Little Valley Creek, Cazenovia Creek and the Chemung River.

A mud and rock slide near Oakridge, Ore., which blocked Oregon 58 for several hours Thursday, nearly trapped a truck driver in his vehicle.

Fulton Negro Shot to Death

Ellison Hopkins, 66-year-old Fulton Negro, was shot to death at his home about 9 a.m. Friday, the Sheriff's Department said. Deputies said he was shot with a .38 cal. pistol and died instantly. The investigation continues but officers have his wife, Caldonia Hopkins, in custody in connection with the shooting.

Russia to Give \$42 Million in Aid to the Bangladesh

MOSCOW (AP) — The Soviet government has promised Prime Minister Mujibur Rahman that it will give his Bangladesh government \$42.2 million in aid promised the Pakistani government for Mujib's territory while it was East Pakistan, Bangladesh sources reported.

The funds, obtained by the prime minister during two days of talks with Soviet leaders in the Kremlin, are to finance a thermal power plant, an electrical manufacturing plant, oil and gas exploration, radio facilities and other development projects.

Housing Measure Passed in Senate

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — The Senate has passed a \$9-billion housing bill described as one of the most important put together in years.

Major provisions of the bill would control closing costs on home mortgages, subsidize mass-transit deficits and consolidate federal housing programs.

The measure, sent to the House where action isn't likely until after the Easter recess, includes some of President Nixon's recommendations, but Democrats altered several of them.

The mass-transit feature of the legislation would furnish federal subsidies to pay deficits of subways, bus lines and commuter trains.

These are opposed by the Nixon administration, however, and there were indications in the debate that the money would not be spent for this purpose ever if Congress approves it.

Sponsors of the subsidies declared that mass-transit systems are folding all over the nation and only federal help

can keep many of them running.

Opponents declared the program would mean an endless drain on the Treasury, since cities could keep fares at uneconomic levels and put in for more and more subsidies.

The section on mortgage-closing costs would direct the Housing and Urban Development Department to develop within six months regulations putting controls on all settlement costs.

The provision would cover FHA and VA loans as well as conventional mortgages bought by government corporations.

The Senate expanded the provision on the floor to prohibit kickbacks on the part of lawyers, title companies, insurance firms and others in connection with the closings.

The consolidation section of the bill, asked by Nixon, would set up eight basic housing-assistance programs to replace the present total of about 50.

Another provision, concerned with the President's special revenue-sharing proposal for housing, would consolidate eight programs aimed at elimination of slums and improvement of urban housing.

Some Results in Drug Abuse Plan

By BILL NEIKIRK
Associated Press Writer

WASHINGTON (AP) — The Nixon administration's antinarcotics drive has succeeded in reducing the amount of heroin smuggled from overseas and in cutting the supply in the United States, the Treasury Department's chief enforcement official says.

"You ask anyone on campus, and they'll tell you heroin is out," Eugene T. Rossides, the Treasury's assistant secretary for enforcement, trade and operations, said in an interview. Rossides oversees the Customs Bureau.

He said increased seizures of heroin do not reflect more smuggling, but indicate to him that the government is making headway in trimming the supply.

"I believe that we are cutting more of it," Rossides said. "That's my own belief. But I have no false optimism about it. We still have a long way to go."

Rossides pointed to 1971 figures which showed that the United States seized 1,308 pounds of heroin, an increase of almost 1,000 pounds over 970.

"The President's program has turned the corner on drug abuse, particularly heroin abuse," he said. "We were in the dark ages before."

Nixon announced a many-faceted program last year to tackle the drug-abuse problem. One of the most important things, said Rossides, is that the problem was elevated to the foreign-policy level.

He said seizure of 937 pounds of heroin Thursday by French customs officials at Marseille proved the value of that decision. "It's the most important seizure in history," he said.

"I congratulate the tremendous job done by France, which has been unfairly criticized this year as if they haven't been doing enough," Rossides said.

Trapped Youth Rescued From Hole

EL MONTE, Calif. (AP) — A rescue worker carried 6-year-old Anthony Bernardino to safety early today after the boy had spent almost seven hours tightly wedged 27 feet down a narrow hole.

The dirt-caked and pale youngster said, "Hi, Mommy, hi Daddy," to his parents before being taken by helicopter to a medical center for observation. He was reported in good condition.

"How's Jimmy?" the boy added in reference to his 8-year-old brother. The two were flying kites Thursday afternoon when Anthony tumbled into the hole on a road construction project in this Los Angeles suburb.

Rescue workers, newsmen and hundreds of onlookers cheered when the tiny boy was carried from a rescue shaft at 12:08 a.m.

"I never thought they wouldn't get him," his mother Sandra said. "I just wondered how long it was going to take."

At times rescue workers could hear the boy crying, then laughing hysterically.

Jim Bernardino, the boy's father, said, "I'm really happy. They (rescue workers) really did a good job."

Hospital attendants said the youngster apparently suffered no serious injuries.

5th Irish Fatality

BELFAST (AP) — A 28-year-old police sergeant died today of gunshot wounds and became the fifth fatality this week in Northern Ireland's political-religious strife.

Sgt. Thomas Morrow was shot Tuesday as he and another officer investigated a break-in at a factory on the outskirts of Newry, near the border with the Irish Republic.

He died during a quiet night that came after three days of intensified bombing and murders blamed on the Irish Republican Army.

The British government revealed Thursday what observers interpreted as the first step in a program to undercut the IRA violence by answering some of the grievances of the Roman Catholic minority in the province.

Prime Minister Edward

Heath banned harsh interrogation methods by British troops helping the Protestant-dominated provincial government maintain order. Political proposals are expected to follow.

The army was told it couldn't use such methods as putting captives' heads in blindfold hoods, depriving them of sleep submitting them to continuous monotonous noise and making them stand for long periods with their legs apart and their hands raised over their heads. From now on the worst they can do is question them at length across a table.

Military sources said they expected the new rules to have little adverse effect on intelligence gathering. They said such physical interrogation methods were used on only 14 of the 2,632 persons rounded up since last August, all such methods were suspended in November, and "information continued to flow."

Unwed Mother, 14, to Seek Child's Custody

HOT SPRINGS, Ark. (AP) — A 14-year-old unwed mother has gone to court to try to win custody of her infant son, who has been placed temporarily in the care of the state.

"She wants her baby," said Francis T. Donovan of Conway, attorney for the mother, Donna Marie Schenk.

Donovan, on behalf of Donna Marie and her mother, Mrs. Mary Ann Brown of Conway, has filed a petition seeking custody of Patrick Daniel Schenk, born last Oct. 16.

The petition was filed first with Chancellor Richard Mobley of Conway, but Mobley held that he did not have jurisdiction because the baby was in a foster home in Garland County.

The matter is now pending before Chancellor James W. Chesnut of Hot Springs, who said Thursday that he expected to hold a hearing in about two weeks.

Jobless Rate Drops, Wages Show Increase

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The nation's unemployment rate dipped in February, and workers' average earnings kept well ahead of the rise in living costs, the government reported today.

The jobless rate declined from 5.9 to 5.7 per cent of the work force, said the Bureau of Labor Statistics.

It also said average weekly earnings of some 45 million rank and file workers—more than half the nation's employment total—rose 35 cents per

week to \$130.27 because of the rise in the length of the work week.

The bureau's report said this represented an earnings gain of \$7.66 or 6.2 per cent over the past year. The 3.4 per cent rise in consumer prices over the same period left workers with a net wage gain of \$3.24 per week.

The actual number of unemployed persons last month remained unchanged at 5.4 million, but after seasonal adjustment for the usual February rise in joblessness, the bureau

figured it as a decline.

Total employment increased slightly from 79.1 million to 79.3 million, but was unchanged on a seasonally adjusted basis at 80.6 million, the report said.

A gain in service jobs was partly offset by a decline in construction work.

The length of the average work week rose 12 minutes to 37.2 hours. In manufacturing, the work week increased 24 minutes to 40.4 hours, highest in more than two years, the bureau said.

Average hourly earnings remained unchanged at \$3.54, it said.

Unemployment among men dipped from 4.2 to 4 per cent for a total of 2.4 million. The jobless rate for women showed the biggest decline, from 5.5 to 5 per cent with a total of 1.5 million. The rate for teen-agers rose from 17.8 to 18.8 per cent with a total of 1.3 million, the report said.

The jobless rate for white workers dipped from 5.3 to 5.1 per cent with a total of 4.3 million. The rate for other races—mostly blacks—was down slightly from 10.6 to 10.5 per cent with a total of a little over one million, the bureau said.

The rate for white-collar workers declined from 3.6 to 3.3 per cent. This was mainly a result of a reduction in joblessness among professional and technical workers, whose rate moved down from 3.1 to 2.5 per cent, its lowest level in eight months, the bureau said.

Charges Are False, Kleindienst Vows

By JOHN CHADWICK
Associated Press Writer

WASHINGTON (AP) — Acting Atty. Gen. Richard G. Kleindienst has denounced as completely false a memo—attributed to a missing lady lobbyist—linking an antitrust settlement to a political contribution.

"It is absolutely untrue to my knowledge," Kleindienst, who served as deputy attorney general the last three years, told the Senate Judiciary Committee. "I think it is false, categorically false."

The memo, attributed by columnist Jack Anderson to Mrs. Dita D. Beard, Washington lobbyist for International Tele-

phone & Telegraph Corp., is a key document in an investigation launched by the committee Thursday.

John N. Mitchell, who resigned as head of the Justice Department to manage President Nixon's re-election campaign, and Anderson were to take the witness stand today.

The Senate is still to act on Kleindienst's nomination to succeed Mitchell. The committee has approved the nomination, but called for testimony about the ITT case at Kleindienst's request.

Fastest Spacecraft Streaks Past Moon Toward Jupiter

By HOWARD BENEDICT
AP Aerospace Writer

CAPE KENNEDY, Fla. (AP) — America's Pioneer 10, the fastest spacecraft ever launched, sped beyond the moon in record time today and streaked on toward the planet Jupiter and an eternal journey through the stars.

Flying with the spacecraft was a message for alien civilizations which might exist beyond our solar system.

Just 11 hours and 40 minutes after launch, Pioneer 10 zipped across the orbital path of the moon, which was tens of thousands of miles away from the

spacecraft at the time. Apollo astronauts require three days to cover the same quarter-million-mile distance.

All systems on the payload were operating, the National Aeronautics and Space Administration reported.

Project officials said a brief firing of small spacecraft jets on Monday would adjust Pioneer 10's path so it would zero in on Jupiter, 21 months and more than 600 million miles away.

Many things could happen along the way to ruin the longest, most ambitious unmanned space flight ever attempted. But space agency officials hope the mission goes as smoothly as the launch phase Thursday night following three post-launches because of high-altitude winds.

An Atlas-Centaur rocket thundered away from Cape Kennedy at 8:49 p.m. EST to propel Pioneer 10 into space at 31,413 miles an hour, nearly 7,000 m.p.h. faster than any space

vehicle had flown.

"It appears we had a good start on our journey to Jupiter," the launch control center reported.

If all goes as planned, the interplanetary explorer will be the first to fly through the asteroid belt, the first to explore the solar system's largest planet and the first to escape the solar system to wander forever through other galaxies.

If it does not collide with a celestial body or is not captured by outer space beings, scientists said it will fly for eternity.

On the outside chance that it one day might be intercepted by intelligent beings from another civilization, Pioneer 10 carries a gold plaque which tells in drawings and scientific symbols when and from where it was launched and by what kind of people.

Two Injured in Accident

A wreck on Highway 4 near the I-30 interchange at 10:40 a.m. Friday left two persons injured and heavy property damage.

Claude M. Cox, 78, of Washington Rt. 1, sustained internal injuries and Mrs. Colleen Kelso of Menlo Park, Calif. had a back injury. Both were taken to local hospital by Hempstead Ambulance Service.

Investigating Officer Edwards said a pickup driven by Cox ran into the rear of a car and trailer driven by Larry Lee Kelso of Menlo Park. There was heavy property damage to both vehicles and the trailer.

Patrolman Edwards charged Cox with following too close and driving with an expired license.

Candidates Think New Hampshire Vote a Must

By WALTER R. MEARS
AP Political Writer
MANCHESTER, N.H. (AP) — Sen. Edmund S. Muskie of Maine, asking New Hampshire voters to show "that you believe in me," is seeking political insurance against the prospect that his showing in Tuesday's lead-off presidential primary will be labeled less than a victory.

Muskie complained that he is up against a phantom in the suggestion that he must attain a percentage of the Democratic vote which hasn't been set if he is to be judged a winner on his New England home territory.

He blamed it on the press. Sen. George McGovern of South Dakota is telling his supporters that the New Hampshire race is becoming a close

one and urging them to turn out every possible vote. In the Republican campaign, President Nixon's forces were staging the main public event of their drive to swamp two GOP challengers, with a plane-load of administration and congressional figures due to spend today stumping for the absent President.

Eighteen Nixon stand-ins are to do the campaigning with a political extravaganza in Manchester as the wind-up.

Gov. Nelson A. Rockefeller of New York, a loser in New Hampshire's primary eight years ago and a Nixon rival in the last White House campaign, is the featured political performer for tonight's rally. Art Linkletter, Lionel Hampton and singer Lainie Kazan will provide the entertainment.

While that was the showpiece of the Nixon campaign for a landslide showing over Reps. Paul N. McCloskey of California and John M. Ashbrook of Ohio, an off-stage effort being pressed from nine outposts around the state is likely to prove persuasive.

The Nixon campaign is built around organization and a telephone vote hunt designed to reach every one of the nearly 90,000 Republican households in New Hampshire.

Rep. Wilbur D. Mills of Arkansas, a Democratic entry who is not on the ballot, was to put in a personal appearance before his Manchester supporters Thursday night but he never made it. Fog closed the airport.

Mills' organization is staging an advertising campaign reportedly costing \$150,000.

Closing Arguments in Murder Case

MARION, Ark. (AP) — Closing arguments were to begin in Circuit Court here today in the first-degree murder trial of Anderson Eugene DuBois, 24, of Courtland, Ala.

The defense rested its case Thursday afternoon without calling a witness. The state had rested earlier in the day.

The only move made by the defense was to recall a prosecution witness to the stand after there already had been cross-examination in which the witness reiterated his earlier testimony.

The witness was Garth W. Stewart, the prosecution's key witness, who testified earlier Thursday that "the man who shot (Mack) Howell was Anderson Eugene DuBois."

Jerry Anderson, Stewart and DuBois are charged with first-degree murder in the shooting death last June 14 of Mack Howell, 42, of West Memphis. There were five .22-caliber bullet wounds in Howell's body when it was discovered in a field near his house. Austin is of West Memphis and DuBois and Stewart are of Courtland, Ala.

DuBois is the only one of the three on trial. The state is seeking the death penalty.

Stewart was the final prosecution witness before the state rested its case.

Stewart said that last June he, DuBois, Austin and Austin's

wife arrived at the Austin's home. He said he and Mrs. Austin had some coffee in the kitchen while DuBois and Austin went to the rear of the house. He said that while later he thought DuBois was leaving and that he prepared to leave.

Stewart said Austin shoved him back and said, "Don't say anything, you're learning too much." Stewart testified that he had heard none of the conversation between DuBois and Austin.

Stewart said Austin had a gun and told him to get in the car and they proceeded to the home of Howell, which was next door to the Austins. "Austin got out and the porch light came on," Stewart said. "Gene was on the porch and Jerry was by a bush or tree in the man's yard. A woman came to the door and then closed it and then the man came to the door. DuBois mentioned the gun and then he and Jerry and the man broke and ran to the car."

He said that after the car traveled less than a block, Howell jumped out and started to run.

"Gene shot from the car and then ran after him and tripped him in the ditch," Stewart said. "Then he shot again."

Stewart said he tried to start the car to get the police but the car apparently was flooded and would not start.

He said DuBois got back in the car and got the car started and the men left the state. They were arrested in Savannah, Tenn.

Boswell, Rep. David Pryor, D-Ark., and Sen. John L. McClellan, D-Ark., are all seeking the senate seat.

Gambling Pleas Changed

LITTLE ROCK (AP) — Three men indicted last September by the federal Grand Jury for the Eastern District of Arkansas for allegedly operating an illegal gambling house changed their pleas Thursday in U.S. District Court here.

The men and their new pleas are Howard W. Lytle, 30, of North Little Rock, guilty; Harold F. Dunaway, 66, of North Little Rock, no contest; Raymond G. Jones, 53, of West Memphis, no contest.

The three face a possible \$20,000 fine, five-year prison sentence or both.

UN Seeks Money to Battle Drugs

By SHIRLEY CHRISTIAN
Associated Press Writer
UNITED NATIONS, N.Y. (AP) — The United Nations has a plan for fighting dangerous drugs. Now it needs money.

The organization's Fund for Drug Abuse Control, with U.N. specialized agencies, has listed 160 projects to fight narcotics abuse around the world at three levels—source, demand and traffic.

The price tag for the five-year program is \$100 million. There is \$3 million in the kitty. Officials are seeking more, but stress a quality not quantity approach, saying the type of program is more important than the cost.

Carl W. A. Schurmann, a Dutch diplomat in charge of the fund, says a few projects already are under way with emphasis on helping people who raise cannabis and opium to switch to other crops.

The most successful of these projects to date, he said, is in the Thai portion of the so-called "Golden Triangle" where Thailand, Burma and Laos meet—one of the biggest production areas in the world for opium poppies.

Experimental stations to try to find other crops which can be grown have been set up in two villages by the United Nations and in others by the Thai government.

Attempts to raise coffee plants were unsuccessful, Schurmann said, but there was some success with potatoes. Corn, sesame seeds and fresh vegetables are being experimented with.

Besides finding new crops suitable to the soil and educating

farmers to grow them, it is necessary to build roads and other transportation facilities. "Hill tribesmen can carry opium down trails on their backs," he explained. "They can't do that with potatoes and fresh vegetables."

Similar projects are to be started in Afghanistan and Burma, but Schurmann said they probably will be more difficult.

Afghanistan has almost no problem of narcotics use by its own people and income from opiates is important to the economy. Thailand, by contrast, has between 200,000 and 300,000 addicts.

The narcotics fund was set up a year ago with an initial \$2 million from the United States. Since then, \$1 million has been collected, and Schurmann is seeking more. He has visited more than a dozen capitals and thinks many developed countries eventually will contribute.

of participating in negotiations to settle the ITT antitrust case during secret meetings with Felix Rohatyn, an ITT director. Anderson alleged the administration agreed to a compromise settlement of federal antitrust charges in exchange for a \$400,000 contribution to defray costs of the Republican National Convention in San Diego next August.

Mitchell was described in the memo as giving ITT undercover help in its negotiations with the Justice Department. He already has denied the accusations.

Sen. James O. Eastland, D-Miss., the committee chairman, said he issued two subpoenas for Mrs. Beard but she couldn't be found.

"I'm doing all I can do," said Eastland. "I can't get a bun or bloodhounds."

Mrs. Beard's "personal and confidential" memorandum was said to have been addressed to W.R. Merriam, director of ITT's Washington office, on June 25, 1971.

"This was the month before the Justice Department reached an out-of-court settlement of suits it had brought against ITT's acquisition of Hartford Fire Insurance Corp., Canteen Corp., and Grinnell Corp."

Anderson wrote in a column earlier this week that a settlement favorable to ITT was made after its Sheraton hotel subsidiary pledged the funds for the convention.

His column quoted Mrs. Beard's memo as saying "our noble commitment has gone a long way toward our negotiations on the mergers eventually coming out" as the ITT president wanted.

"Mitchell is definitely helping us, but cannot let it be known," said the memo published by Anderson.

Anderson said in his column today that California Lt. Gov. Ed Reinecke and an aide, Edgar Gillenwaters, met with Mitchell in Washington last May to discuss holding the convention in San Diego. Anderson said Gillenwaters related he and Reinecke informed Mitchell that ITT had offered to put up as much as \$400,000 to support the convention.

Kleindienst was joined by U.S. Dist. Court Judge Richard W. McLaren of Chicago, who until recently was head of the Justice Department's antitrust division, in testifying that the accusation was baseless.

McLaren said he was "completely at a loss to account" for the memo. He said he negotiated the settlement, that he had no discussions about it with Mitchell, and that "it had nothing to do with the Republican Party or San Diego."

Sen. Hiram L. Fong, R-Hawaii, asked if the Justice Department had not lost all three of its antitrust cases against ITT in the lower courts before a settlement was reached.

"We were battling zero, zero, zero, that is correct," McLaren said.

He testified he regarded the settlement as effective in carrying out antitrust policies. "I felt we had done our job for the United States," he said.

Kleindienst acknowledged that he had several meetings last year with Rohatyn, a New York investment banker as well as ITT director, but denied taking part in negotiation of the settlement.

Offers \$10,000 Rewards

MARIANNA, Ark. (AP) — A reward of \$1,000 has been offered in each of 10 racial incidents here for information leading to the conviction of persons responsible for the incidents.

Jimmy VanDover, president of the Chamber of Commerce,

said the rewards will be offered for "a reasonable amount of time." The chamber sponsors the reward fund.

The incidents have developed since racial tension flared in Marianna last June.

The reward offer and a list of incidents for which rewards are available were printed Thursday in an advertisement in the Marianna Courier-Index, a weekly newspaper.

The advertisement lists methods that may be used to collect the money in cash. It says the informant need not be identified.

The incidents: —The firing of a shot at Rev. E. R. Gaines, a black who is not observing a black business boycott.

—The firebombing of the home of Rev. J. H. Hinkle, black, who is not observing the boycott.

—The firing of a shot at Deputy Sheriff Jimmy Burrows' automobile and the firebombing of his house.

Loan Rate Has Dropped

WASHINGTON (AP) — The Agriculture Department has lowered its loan rate charged farmers for financing grain drying and storage equipment to 5.5 per cent a year from 6.0 per cent charged previously.

The loan program is handled by the Agricultural Stabilization and Conservation Service to help farmers do a better job of handling and storing grain on their farms.

Loans during the first seven months of the current fiscal year, which began last July 1, totaled \$106.4 million to 35,449 borrowers, the ASCS said.

During the same July-January period a year earlier, the loans totaled \$25.6 million to 10,948 farmers, the agency said.

Helen Bottel Helen Help Us!

AFTERMATH OF BIGAMY

Dear Helen:
We've been married 20 years and have six children. In 1968 my husband "married" another woman while still living with his family and me.

I found out about it almost three years later. He said she lived about 200 miles from here (he's a salesman and on the road a lot) and there is a 13-month-old baby. They'd broke up a year ago and he'd paid for her "divorce." She didn't ask child support. She has a good job and seems content.

I forgave him and everything has been fine at home. But I recently learned that this woman is using my husband's name, and her child likewise!

It's bad enough that he spent our money on her and even paid for a "divorce," but does she have any right to use MY name? Without spending more than we have on lawyers, how can I force her back to her maiden name? — MAD

Dear Mad:
I'm not a lawyer, but my instincts say, "Leave bad enough alone before you make it worse!"

Your husband was a bigamist. He's reformed. No one seems permanently hurt—but YOU might be if the facts came out. You'll probably never meet this woman or her child. So isn't it best to drop the matter?

If you don't agree, consult your Legal Aid Society. —H.

Dear Wife:
For heavens' sakes, this isn't a social function—it's a funeral where persons who loved the deceased come to say good-bye.

You've got your man. Couldn't you extend a little charity to the loser? —H.

Dear Helen:
Last week I experienced a scare that woke me up to how very important it is to have children vaccinated against German measles.

My eight-year-old broke out in a rash. Two close neighbors are pregnant and were frantic that if it were measles and they caught them, their babies would be affected. Sometimes the disease is so light that the mother isn't aware she had it. One girl even temporarily considered an abortion—until we got the tests for our son and determined he didn't have measles, after all.

You can be sure that we've all had measles shots now. I'll never again go through the worry and guilt I felt knowing that perhaps a baby could be born deformed because of my negligence. —MRS. J. P.

Dear Readers:
Let this be a reminder to all parents: don't put off measles immunization! You or your children may be only slightly ill—but think of the harm you might bring to some as yet unborn baby. —H.

Today's hand from the Culbertson "Battle Royal" is most instructive in that it points out a very common error. We call this error "the premature ruff."

West opened the king of clubs and shifted to the six of trumps. South won and led the ace and another diamond. He ruffed the second diamond in dummy and if he could have led another diamond from his hand and ruffed that he would have made his contract.

Unfortunately, he was in dummy. A trump lead would do no good. He finally made a good effort. He played dummy's queen of clubs so as to force West into the lead. Maybe West would not have the last trump.

Unfortunately West did hold it and led it, whereupon South had to wind up with only nine tricks.

All South had to do to make his contract was to think for a moment before leading to trick-three. Then he could play either a club or a heart.

West would win and lead the second trump but now South would be able to make the same diamond play and then discard his last diamond on whichever card he had set up in dummy.

Glamor Veterans of Show Biz Returning

By GENE HANDSAKER

Associated Press Writer
HOLLYWOOD (AP) — As if to show the younger actresses how it's done, the veterans among screen glamor gals have been flocking back to the sound stages.

"I need to work," explained Academy Award winner Olivia de Havilland, seen recently as "The Screaming Woman," an ABC-TV movie. "I need creative activity, communication with people, large groups of them."

Says Susan Hayward, another Oscar holder, back in Hollywood from 15 years' residence in Florida and making her television movie debut tonight in

CBS' "Heat of Anger":
"Both of my sons are now grown and married. The best thing for me to do is to go back to work."

But Paulette Goddard said when asked if NBC's forthcoming "The Snoop Sisters" marks a resumption of her movie career after 18 years:
"Absolutely not. This is a one shot thing that Helen Hayes and (producer) Leonard Stern talked me into."

The two-hour movie is the pilot for a projected series starring Miss Hayes and Mildred Natwick, who with Sylvia Sydney and Myrna Loy recently appeared on ABC as matrons

who met a murderer while seeking adventure through a computer dating system.

Two other veterans besides Miss Hayward appear this weekend: Eve Arden as a retired schoolteacher whose hobby is solving crimes, on ABC's "A Very Missing Person" Saturday; and Jane Wyman as compassionate pediatrician Amanda Fallon on NBC's "The Bold Ones" Sunday.

Bette Davis plays a retired judge who runs an investigative agency in "The Judge and Jake Wyler," a forthcoming NBC "World Premiere."

A roster of other famed feminine faces seen recently in prime-time TV drama includes: Joan Bennett as Gidget's mother Jan. 4 and as Peter Haskell's aunt last Tuesday on ABC; June Allyson as Eddie Albert's wife in her first film in 12 years; June Haver, here from her New Orleans repertory theater for "McMillan and Wife"; Dorothy McGuire as David McCallum's mother in CBS' "She Waits," a story of witchcraft; actress-director Ida Lupino, on "Medical Center" last Wednesday.

Peggy Lee, doing her first dramatic acting in 16 years on an "Owen Marshall," explained: "It's fun. It gives you a chance to be someone else for a while."

Ann Sothern, in costume as a queen for last Monday's "Fol-De-Rol" on ABC deplored the state of Hollywood's movie business: "It's very quiet right now, and it's too bad. It's sort of like a dying giant."

Cyd Charisse, who played a butterfly, a witch and princess on the show, agreed: "There are no studios as we knew them. With pictures going overseas to be made, we have no production in California any more, which is a shame."

But Miss Hayward was more optimistic: "It's still an exciting town. Something good is going to happen. I know it must. You've still got your audience. All you have to do is get it back."

Quachita Has Title

By THE ASSOCIATED PRESS
Quachita Baptist University won the Arkansas Intercollegiate Conference basketball championship Thursday night by defeating Arkansas Tech 89-79.

The victory makes Quachita the host team in the NAIA District 17 playoff which will be held Monday and Tuesday.

Quachita's Tommy Patterson, the AIC rebounding champion, pulled down 18 rebounds and scored 25 points to help boost Quachita to the victory. Jim Hamilton had 20 points and 11 rebounds.

Seniors Terry Hankton and David Combs led Tech. Combs scored 26 points and Hankton had 25.

In other AIC action, Arkansas AM&N defeated Harding 97-92, Hendrix whipped State College of Arkansas 88-81, Henderson rolled over UA-Monticello 93-78 and Arkansas College edged College of the Ozarks 71-70.

Hendrix was down by 11 points with 10:45 left in the second half and staged a comeback to whip SCA.

The Bears clung to the lead 72-63 with 6:41 left when Hendrix started its winning surge.

The victory allowed Hendrix to finish sixth in the AIC race with a 9-11 mark. SCA finished ninth with a 6-14 record.

Joe Bynes scored 32 points and Bobby Dunn put in 20 as the Golden Lions defeated Harding.

AM&N is 14-6 in the conference and Harding dropped to 8-12.

Harding placed five men in double figures Thursday night, paced by Freddy Dixon with 26.

Henderson put on a scoring burst in the final four minutes to nail down the season-closing victory over UAM.

The victory broke a three-game losing streak for the Reddies and was important to Henderson's District 17 NAIA playoff ambitions.

Shoemaker Sets Record

ARCADIA, Calif. (AP) — Bill Shoemaker sat high above the Santa Anita track in the press box as Thursday's ninth race got under way.

It's a race he couldn't win, he was told.

"You're right," said the gray-haired 40-year-old rider.

Not quite.

The Shoe held a winning \$5 ticket worth \$217.50 on the winning exacta wagering for the ninth race.

The 4-foot-11 millionaire managed only a wry smile as he set the ticket aside. He showed the same coolness three races earlier when he rode the longstriding 1-5 favorite, Royal Owl, to victory before 20,020 sun-splashed patrons in the \$54,850 San Jacinto Stakes.

It was another in the long list of Shoemaker riding records, his 555th winner in a stakes race, breaking the mark of Eddie Arcaro which he tied Feb. 21. And The Shoe will be back after No. 556 on Turkish Troussers Saturday in the \$100,000 Santa Margarita Handicap.

Just another victory, it seemed from talking with Shoemaker, who has been riding for 22 years. He said he'll continue riding "from day to day" as long as he enjoys it—four or five more years "if I can."

Shoemaker, after jumping Royal Owl in the winner's circle, said, "Well, that was fun."

He rode a winner for the 6,298th time, stretching the record he broke in 1970 with No. 6,033 at Del Mar. His reaction to breaking that record, held by John Longden, was ech-

oed Thursday.

"It's a nice record to have. Records are fine. It doesn't bother me that much."

He said he'd not be bothered if anyone broke his record.

"If and when they do it will be good. I'll be the first guy to congratulate them," he said.

However, he said the stakes record means more because "there's more importance to stake races. It's an up kind of thing."

Shoemaker is pointing toward the sport's most prestigious events as his next goal—winning at least 100 races worth \$100,000. He has the record of 91.

Secret ABA Draft Just Couldn't Stay Secret

NEW YORK (AP) — Can't anybody keep a secret?

The American Basketball Association held its "secret" draft of college players Thursday, but before long, it was learned that:

—The Virginia Squires had used the first pick in the draft to select Bob McAdoo, a 6-foot-9 forward from North Carolina who still has one year of college eligibility remaining.

—Tom Riker of South Carolina, a highly-prized 6-10 forward, had been tabbed on the first round by the Carolina Cougars.

—The Denver Rockets, with two picks on the first round, named Bud Stallworth of Kansas and Paul Stovall of Arizona State, two 6-5 forwards.

—Other players chosen on the

first round included Dwight Davis of Houston, a 6-7 forward drafted by the Floridians, and LaRue Martin, a 6-11 center from Chicago Loyola picked by the Dallas Chaparrals.

ABA Commissioner Jack Dolph supervised the telephonic draft among the league's 11 clubs, only three of whom managed to keep their selections quiet. Utah, Kentucky and New York all declined to reveal their picks, although it was believed the Nets had taken Bill Chamberlain, a 6-6 forward from North Carolina, on the second round.

New York did not have a pick on the opening round, having forfeited its No. 1 choice by signing Jim Chones, the 6-11 junior center from Marquette.

For the first time, ABA

teams were permitted to include one non-senior among players selected on the five draft rounds held Thursday. In addition to McAdoo, the underclassmen chosen included Bill Walton, UCLA's sophomore center who has already said he'd prefer to stay in college for now, drafted on the third round by Dallas.

Dave Brent, a 7-0 sophomore from Jacksonville, was taken by Memphis as the first pick in the second round. Doug Collins of Illinois State, a 6-7 junior forward who is third in the nation in scoring, was drafted by Denver on the fourth round, although the Rockets said they would not sign him until his college eligibility runs out in 1973.

Colonels Edge Squires

By THE ASSOCIATED PRESS
Les Hunter played on championship teams in high school and college. Thursday night he took a step towards adding the professional ranks to that list.

Hunter tossed in 39 points as the Kentucky Colonels edged the Virginia Squires 135-130 in overtime. The Colonels thus clinched a tie for first place in the American Basketball Association's East Division race.

Hunter led Nashville Pearl to the National Black High School championship in 1960, then played on an NCAA championship team while at Chicago Loyola. His closest try as a pro came last season, when Kentucky went to seven games before bowing to Utah in the ABA playoffs.

Against the Squires, Kentucky trailed by three points in the waning seconds. But Hunter, a 6-foot-7, 230-pound forward, sank a three-point jumper at the buzzer to send the game into overtime, then Kentucky outscored Virginia 8-0 in the final 1:38 of the extra period for the victory.

Artis Gilmore added 34 points and Walt Simon 27 for the Colonels, while Charlie Scott had 41, Julius Erving 26 and Ray Scott 21 for the Squires.

In the only other ABA game of the night, Utah edged Dallas 123-121 in overtime.

There were no National Basketball Association games scheduled.

Glen Combs sank seven free throws in the overtime period to lift the Stars past Dallas. Utah managed only two field goals in the extra session, but was bailed out by Combs' foul shooting.

Center Zelmo Beaty of Utah led all scorers with 37 points, while teammates Willie Wise added 24 and James Jones 20. For Dallas, Donnie Freeman netted 30, Joe Hamilton 23 and Steve Jones 20.

Bullet Coach Fined \$2,000

NEW YORK (AP) — Baltimore Bullets' Coach Gene Shue has until March 15 to pay a \$2,000 fine for blasting National Basketball Association referees. "The statements he made to the press go far beyond the emotional outburst of a coach following a defeat," NBA Commissioner Walter Kennedy said Thursday in announcing the fine.

Kennedy said that he contacted Shue by telephone early Thursday "and he confirmed all of the statements attributed to him . . . and that he fully expected a substantial fine."

The fine was for a blast Shue leveled against officials following the Bullets' 118-117 overtime loss to the Seattle Super-Sonics last Tuesday night.

Shue had said after that game: "I'm not going to sit back and let referees destroy my life and my team. They expect coaches to just sit on the bench and be placid—to accept incompetence. I can't accept incompetence."

Stamps Edges Hampton

LITTLE ROCK (AP) — The Charleston Tigers dumped Hardy Highland 74-66 Thursday to advance to the semifinals of the state Class A boys basketball tournament in Little Rock.

Charleston and Highland battled evenly most of the way, and it wasn't until Highland mishandled several scoring opportunities in the final two minutes that the Tigers were able to wrap it up.

Randy Terry flipped in 29 points to lead Charleston and Jim Hansen paced Highland with 31.

In other Class A games, Monette eliminated Green Forest 57-54, and Stamps defeated Hampton 60-56.

Junior Ted Gilkey had to bail Stamps out in its conquest of Hampton. The losing Bulldogs had battled from an eight-point halftime deficit to tie it at 56-56 in the last minute of play. Gilkey put in a rebound shot with 19 seconds showing and then stole a Hampton pass with eight seconds left to insure the victory. Gilkey finished with 19 points.

Ricky Smith led Hampton with 24.

Jim Steele sank two free throws with three seconds left to lift Monette to victory.

The game was close all the way with Monette leading 32-30 at the half and 49-47 at the end of the third quarter.

Darrell Bridges led Monette with 24 and Steve Winkle paced Green Forest with 18.

vernacular, was "telling it like it is" after his 20th-ranked team routed the second-ranked Cardinals 81-65 Thursday night and threw the scorching Missouri Valley Conference race into a tie.

Memphis State has come a long way, baby. The Tigers have chased Louisville most of the year before finally catching the front-runners.

Both teams now have 11-2 records and a strong possibility exists that they will wind up the season in a tie. Each has a soft touch in the final game Saturday.

Conference officials huddled after Thursday night's game at Memphis, Tenn., to determine a playoff site if things go as expected when Louisville entertains Tulsa and Memphis hosts Drake in the regular season windups.

While the MVC looked forward to a probable playoff, the Southern Conference opened its postseason derby. As expected, the four top-seeded teams won opening-round games.

Furman crushed Virginia Military 126-80, breaking a tourney record for points scored and victory margin; Davidson smacked Appalachian State 87-77 on a torrid 54 per cent shooting from the field; William & Mary trimmed Richmond 98-82 for the third time this season and East Carolina rallied in the second half to stop The Citadel 80-71.

Elsewhere, Miami of Ohio defeated ninth-ranked Marshall

Gilbert Going for Broke at Doral

By BOB GREEN
Associated Press Golf Writer
MIAMI (AP) — "I'm just going to go for broke."

Gibby Gilbert was talking about his game plan for today's second round in the \$150,000 Doral-Eastern Open Golf Tournament, an event that has been a keystone to two comebacks by the resident of nearby Hollywood, Fla.

"You can't do anything playing defensively out here," the stocky, sturdy guy said. "You've got to go for it. I'll try to make as many birdies as I can."

Gilbert, bouncing back after being injured in an airplane accident earlier this year, cut through gusty winds with a four-under-par 68 Thursday for the first-round lead.

Gilbert, a consistent money-winner for two seasons, held a one stroke lead over Super Mex Lee Trevino, veteran Bob Rosburg, Dick Lotz, Butch Baird and Jim Colbert.

Masters champion Charles Coody and Paul Harney, the grey-haired club pro who won the Andy Williams-San Diego Open, headed a large group at 70.

Jack Nicklaus, who needs a victory in this one to go past Arnold Palmer on the all-time money list, was three strokes off the pace but promised "it'll be better tomorrow." Gary Player of South Africa matched par 72. Tony Jacklin of England had a 74. Palmer and Bill Casper are not competing.

Gilbert, though not widely known to the public, has been a solid performer since he made his first comeback at this Blue Monster course in this tournament in 1970.

He'd quit the tour in disgust over his poor play the year before but decided to give it one more try here. He won \$4,800 with a seventh place finish and used it as a springboard to a \$65,000 season that included a

Al's Runner in Feature

HOT SPRINGS, Ark. (AP) — A Robert Holthaus entry, Al's Runner and Grey Tune, heads a field of 4-year-olds and up in today's \$6,500 feature race at Oaklawn Park.

Olen Sledge's Al's Runner will carry 116 pounds and M. F. Spicer's Grey Tune will be top-weighted at 119.

Also expected to be contenders are Q. C. Demmet's Easydrive at 114 and C. R. Coxonour's Kenyara at 115 pounds.

The eleven-horse field is completed with Floating Star, 116; Bob Boyage, 113; Dedicator, 102; Bright Dusk, 113; Oh Myrtle, 108; Ponshewaing, 115; Iron Control, 113.

In Thursday's \$10,000 feature, Coconut Row scored an easy

triumph in the Houston-Champions International. And he won some \$52,000 last season.

Now he's on still another comeback, this time from injuries suffered in an airplane accident Jan. 4 when he was en route to Los Angeles and the first tournament of the season.

He got bounced around when his jumbo jet hit some severe turbulence, suffering severely bruised ribs, an arm injury and acquiring a blood clot on the left shoulder. About two dozen other passengers also were injured.

Gilbert had two penalty strokes in his round, both after hitting into the water. One came on the 18th and cut his lead from two strokes to one.

Elusive Allen Still a Holdout

By HAL BOCK
Associated Press Sports Writer
A Richie Allen by any other name is just as tough to locate as the original was.

Allen, who has expressed a desire to be called Dick this season, either is or is not a holdout for the Chicago White Sox. General Manager Stu Holcomb isn't exactly sure.

This much Holcomb and the White Sox know. They did not have a contract with Allen's signature on it as they prepared for today's baseball exhibition opener against the Pittsburgh Pirates at Sarasota, Fla., and, as a matter of fact, they did not have Allen either.

"I don't know where Allen is at the moment," said Holcomb Tuesday. "We're waiting until he comes to us. It's been the history of the man that he generally reports late for spring training."

And, Allen's ex-employers in Philadelphia, St. Louis and Los Angeles might add, he's occasionally late for other incidents like regular season games.

The problem does not seem to be financial. Holcomb has a verbal commitment from Allen's Philadelphia agent for a

1972 contract. The numbers are reported to be \$120,000.

But a commitment is not a contract and a contract Holcomb does not have. "I imagine," said the Sox general manager, "he'll come to us when he gets ready."

He was not ready for today's opener, one of three exhibitions scheduled. The others had the New York Yankees playing the Texas Rangers at Pompano Beach, Fla., and the San Diego Padres playing the Mexico City Reds at Mexico City.

The absent Allen had some star company missing from other spring training camps. Joe Torre, who had been in St. Petersburg, negotiating with St. Louis, left town to fly to New Hampshire for some campaigning in the presidential primary there. And Vida Blue's attorney, Robert J. Gerst of Los Angeles, was keeping the pitching prodigy out of Oakland owner Charles O. Finley's reach.

Torre, who made about \$100,000 last year, is said to be shooting for \$150,000—something over the 5.5 wage increase ceiling approved by President Nixon. Nevertheless, Torre is campaigning for the president while the Cards campaign for economic reason on the part of the National League's Most Valuable Player.

Blue, who made \$14,750 toiling for the A's last year and was shooting for \$92,000 this

time around, is still at home in Mansfield, La., waiting for Finley to up his \$50,000 offer. Finley said that Vida's attorney, Gerst, had turned down a proposal that the three talk contract at the A's Mesa, Ariz., training base.

Has Aces by the Fistful

By HUBERT MIZELL
Associated Press Sports Writer

HALLANDALE, Fla. (AP) — "Our horses ran 1-2 in the Florida Derby," said millionaire trainer Lucien Laurin, "and our best animal hasn't yet left the barn."

The man has aces by the fistful.

Upper Case was the less regarded half of Laurin's favored entry in Thursday's \$179,600 Florida Derby, but the son of Round Table came from sixth place to whip the field.

Spanish Riddle, the more noted stablemate, made it a family affair by romping home second in the richest race in Florida throughout history.

"You ain't seen nothing yet," Laurin said.

Laurin's horses took purses of \$107,640 and \$35,920 respectively, for Thursday's domination as a 6-to-5 choice with Gulfstream Park's crowd of 28,766.

Still, he has more to smile about.

Riva Ridge, the year's most acclaimed three-year-old Triple Crown aspirant, was stashed away in a stable at Hialeah Park. Laurin is slowly maturing the No. 1 threat, skipping the Florida Derby and the March 11 Flamingo at Hialeah.

Upper Case and Spanish Riddle paid \$4.40, \$4.60 and \$3.40 across the board to a season-closing crowd that wagered \$2,820,532. Forus Stable's Gentle Smoke was third, returning \$3.20 to show.

Upper Case's career showed no previous stakes victories and only \$19,640 in prize money, the Florida Derby triumph was his third straight, but the other two had been on grass courses.

Ron Turcotte, another Canadian and the rider of Upper Case, said "I don't know which horse is better, but mine was best today. I'm sorry he can't run in the Kentucky Derby."

Helen Tweedy, owner of the winner, did not nominate the grandson of Bold Ruler for the

five-length victory over a field of moderate challengers.

As a close second choice to Saltwell, Coconut Row paid \$7, \$4 and \$2.80. John Bullock's Lover's Flight was a distant second to pay \$4.80 and \$3 and Saltwell finished third to pay \$2.40.

Coconut Row accounted for the second win of the day for jockey John Lively. His other winner was Ellie Nellie in the first race, which coupled with longshot Haley Bug in the second ridden by Jack Fires, Nos. 3 and 7, to pay \$375.25.

Lonnie Ray had a double aboard Haye's Law in the fourth and Beau Davelle in the seventh.

The crowd of 9,870 wagered \$331,353.

Sports Ticket Prices to Rise

WASHINGTON (AP) — Ticket prices of sporting events may be raised as a result of an increase in the purse or prize money, the Internal Revenue Service said Thursday.

The IRS said an increase in the purse is an allowable cost increase justifying a price rise even though the decision to increase the purse is made by the sponsor himself.

In addition, the IRS said, if a sponsor increases the purse, he may increase entry fees and charges for programs and similar items, as well as ticket prices.

The IRS emphasized the ruling applies only to sporting events offering a purse or a cash prize, such as boxing matches, horse racing, and golf and tennis tournaments. The ruling does not apply to ordinary baseball, football and basketball games and similar events.

Vaster Keeps on Winning

LITTLE ROCK (AP) — Mayflower remained in contention for the state Class B boys basketball title by defeating Biggers-Reyno 58-56 Thursday in the Class B tournament in Little Rock.

Theardis Stubbs connected on the two decisive points that won the game for the Eagles. The 5-11 guard hit two free throws with 17 seconds remaining.

In other Class B quarterfinal action, Menifee dropped Wilmar 83-48 and Vaster defeated Scranton 76-69.

Menifee had little trouble in defeating Wilmar, whipping the Longhorns 83-48. The winning Mustangs jumped out to a 21-6 first quarter lead and led at the half by 37-16. The second half was just a matter of running out the clock.

Vaster jumped off to an 11-0 lead and held off a late comeback by Scranton in Thursday night's closing game.

Samuel Biley led the Pirates with 36 points. Chuck Hodges paced Scranton with 28 points.

Esposito Is Now on Top

By THE ASSOCIATED PRESS

Phil Esposito, suddenly all by himself at the top of the National Hockey League's scoring race, exploded with three goals and two assists Thursday night, leading the Boston Bruins to a 7-3 romp over the Vancouver Canucks.

The five points increased Esposito's total to 115—six more than New York's Jean Ratelle, who is sidelined for the remainder of the regular schedule with a broken right ankle.

Elsewhere in the NHL Thursday night, New York trimmed Buffalo 4-3, Philadelphia shut out Minnesota 3-0 and Pittsburgh rapped Detroit 7-4.

The Bruins, leading the NHL's East Division by a comfortable seven points over the pursuing Rangers, surrendered an early goal to Vancouver before roaring from behind.

Boston drove four goals home in the second period, two of them by Esposito, while outshooting the overmatched Canucks 20-5. They completed the rout with three more third period goals including Esposito's 58th of the year.

The Rangers, using Bobby Rousseau in Ratelle's place, got two assists from the slick little veteran on fast goals by Dale Rolfe and Vic Hadfield that gave them the lead for keeps against the Sabres.

Eddie Shack scored his 200th NHL goal for Buffalo.

Philadelphia moved into a fourth place tie with idle California in the West Division by blanking Minnesota.

Red-hot Bobby Clarke scored one goal and assisted on another for the Flyers, who are only two points back of third place St. Louis. The goal was Clarke's 12th in the last 12 games and 21st in the last 31 games for Philadelphia.

The shutout was the fourth this season for goalie Doug Favell.

Goalie Al Smith set an NHL record with his fourth assist of the season but Detroit lost to Pittsburgh and remained tied with idle Toronto for fourth place—the final playoff spot—in the East Division.

The Penguins squandered an early 3-0 lead and Detroit roared back to take the lead with four consecutive goals. But Al McDonough tied the score for Pittsburgh early in the final period and then defenseman Daryl Edestrand put the Penguins on top again.

When the Red Wings lifted Smith for an extra attacker in the final minute, Ron Schock hit the empty net twice for Pittsburgh's final goals.

LONDON'S SMOG DROPS LONDON (AP) — London's air is getting steadily cleaner, reports the Greater London Council. There was 80 per cent less smoke in the air in 1971 than in 1969, and 10 per cent less sulphur dioxide. The last serious smog hit London in 1962.

DR. LAWRENCE E. LAMB

Only Germs Cause Venereal Disease

By Lawrence Lamb, M.D.

Dear Dr. Lamb—I read your column on venereal disease and I have a few questions that weren't answered. I am the mother of two teen-age children and questions are frequently put to me that I feel must be answered. I understand that VD is contracted from sexual contact and caused by bacteria, but how does it originate in the beginning? Is it the type of sexual activity or is it only by intercourse with an infected partner? Can two people who are free of the disease infect each other because of their personal habits or can it be started by having sexual intercourse with more than one person if none are infected? Can it originate on its own because of unclean conditions? I believe these are questions that our young inexperienced teen-agers need to know.

Dear Reader—You are absolutely right. There is hardly any problem that is benefited by ignorance. The two most common forms of venereal disease, syphilis and gonorrhea, are usually transmitted from an infected person to a noninfected person. In other words, you can't get venereal disease from sexual intercourse unless one of the partners already has the disease. While cleanliness is desirable, unless venereal disease is present there is no way that sexual intercourse by itself will cause it.

Gonorrhea is spread by sexual intercourse. Syphilis is almost always spread that way too. However, I must add that the germ that causes syphilis can survive for a short period of time in moisture outside the human body. Thus, it is possible to transmit syphilis if the germ is in a drop of fluid from utensils or by any contact with an infected person who transmits infected moist droplets from one person to another. Obviously, what is commonly referred to as "French kissing" is one way.

A person may be physically clean and still have venereal disease. The female is particularly likely to have no symptoms at all from disease. The male usually

has symptoms, usually a discharge.

And it should be emphasized that some studies show that a girl on birth control pills has a greater chance of being infected if she is exposed to gonorrhea. Apparently the pill affects the body's normal resistance.

LEGAL NOTICE

NOTICE OF ANNUAL SCHOOL ELECTION IN HOPE SCHOOL DISTRICT NO. 1-A OF HEMPSTEAD COUNTY, ARKANSAS

Notice is hereby given that the annual school election in the above named district will be held on March 14, 1972, for the following purposes:

To elect two directors for a term of three years each;
To elect one county board member for a term of five years; and

To submit the question of voting a total school tax of 48 mills, which includes 22 mills for the operation and maintenance of the schools, 22-½ mills previously voted for the payment of bonds now outstanding, and a continuing annual building fund tax of 3-½ mills for a proposed bond issue of \$400,000, which will run 21 years, to be used for the purpose of constructing and equipping new school buildings and making additions and improvements to existing school buildings, and said building fund tax will constitute a continuing annual levy until the principal and interest of the proposed bonds are paid in full, with the provision that the surplus each year arising from the building fund taxes may be used for other school purposes.

The proposed 3-½ mill continuing annual tax is comprised of 1-¾ mills replacing 1-¾ mills of the present continuing annual tax which would otherwise cease because of the retirement of the portion of the outstanding bonds for which levied, and 1-¾ new mills.

The polls will open at 8:00 o'clock a.m. and close at 7:30 o'clock p.m. at the following polling places:

Signs of Resurgence in Christianity

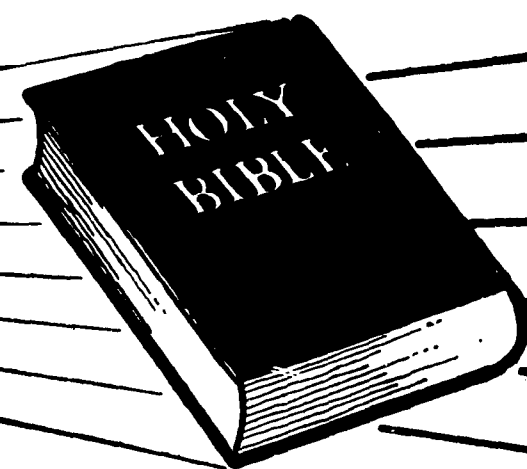

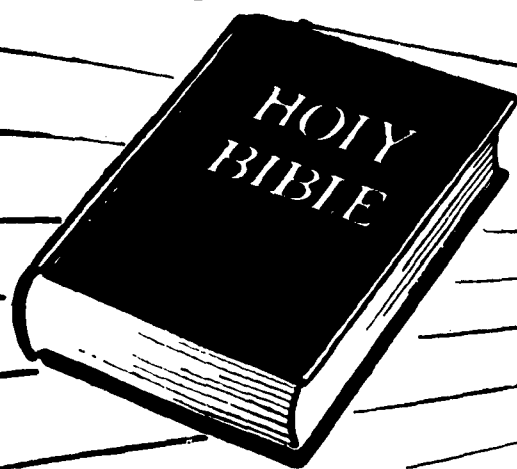

NEW YORK (AP) — In an era of religious ferment, including widespread anti-institutionalism and the rise of new forms of faith and esoteric cults, some church thinkers see signs of a genuine, far-reaching resurgence in Christianity. Oddly, the optimistic forecasts come at a time church organizational figures show a sag. However, those who see a big upturn ahead say that current conditions making for it include not only religious upheaval, but the current tide of social change, urban concentration, cultural unrest and even pervasive technology. "A new era of the spirit has come," the Rev. Dr. John A. Mackay, a Presbyterian scholar and former long-time president of Princeton Theological Seminary, writes in the weekly, Christianity Today. "In the past few years a mood has emerged, a movement has gotten under way that augurs the advent of an evangelical renaissance." As indications of it, he lists the "Jesus movement" among young people, a renewed focus on the "presence of Jesus Christ, the soaring growth of Christianity in Asia and Africa, the Pentecostal-like charismatic movement among American Protestants and

BE PARTNERS WITH GOD SUPPORT HIS CHURCH

"I Shall Keep This Lent"

"LENT" means springtime. It is an old Latin word which means a forty day fasting period next before Easter. It begins with Ash Wednesday and continues till Easter; exclusive of Sundays.

It is a time for the conditioning of our soil . . . a time for our Souls to become penitent. It simply means that it is spading up time, the season for planting seeds and for setting blooming trees.

In the realm of the spirit it is a call to get ready for the season of beauty and goodness.

Who amongst us is satisfied with what he is or what he has been? Then let us qualify for the Lenten Season. Let us clear away the rubbish of last year's crop, cut under the old stalks. May we learn from our Lord to give ourselves to good conditioning during Lent. The miracle of Lent is genuine repentance which leads to Newness of Life. A Saintly Keeper of Lent said it well when he spoke the words, "I shall keep this Lent, and hope to refresh my Soul." Amen

Praise From Alexander

WASHINGTON (AP) — Gov. Dale Bumpers was praised Thursday by Rep. Bill Alexander, D-Ark., for his interest in the "hospital closing crisis" in Northeast Arkansas.

Alexander said in a telegram to the governor that his investigation of the situation indicates that the Arkansas Health Department may have "weighted" the decision of the Department of Health, Education and Welfare, which Alexander said forced the closing of two Northeast Arkansas hospitals and "threatens the survival of others." Alexander was not available for comment on what he meant by "weighted."

Bumpers said Wednesday he would try to obtain a one-year exemption for a Manila hospital from federal criteria that have forced the facility to close. The 13-bed facility was closed in mid-February by the operator, Dr. Eugene Shaneyfelt.

The criteria set out by HEW establish a number of requirements that hospitals must meet in order to receive federal medical and medicare. Shaneyfelt said he could not meet the requirements on the number of registered nurses that he must employ because the nurses are not available.

Alexander has called the HEW actions an "unconscious disregard for the medical needs of nonmetropolitan areas."

UN Impressed by China Trip

BOWLING GREEN, Ohio (AP) — George Bush, U.S. ambassador to the United Nations, says President Nixon's China trip "captured the imagination of my peers at the United Nations more than anything has in a long time."

Addressing a gathering at Bowling Green State University Thursday, Bush said his U.N. colleagues had expressed near-unanimous approval of Nixon's trip. He said having Red China in the United Nations has made the body "a more realistic image of the world as it is."

Change of Venue in Bennett Case

HOT SPRINGS, Ark. (AP) — U.S. District Court Judge Oren Harris Thursday granted a change of venue in the fraud trial of former Atty. Gen. Bruce Bennett of El Dorado.

Since Jan. 30, 1969, Bennett has been facing an indictment charging him with 27 counts of violating federal securities laws in connection with the operation of the now defunct Arkansas Loan & Thrift Corp. The trial has been delayed because of Bennett's health.

Harris changed the location of the trial from Fort Smith to Texarkana to assure Bennett of a fair and impartial trial. Bennett's attorneys had claimed that adverse public opinion might prevent a fair trial at Fort Smith, where Arkansas Loan & Thrift was located.

Bennett's motion for a change of venue said that 17 civil suits had been filed by persons in the Fort Smith area against AL&T and that 2,257 persons in Northwest Arkansas had lost their savings in the firm.

Bennett appeared in federal court Thursday with his attorney.

Mills Rated a Low Score

WASHINGTON (AP) — A Washington-based environmentalist group has rated the votes of House members of 15 ecology-linked issues and declares that most of them failed.

The League of Conservation Voters found the common score on a scale of 100 was zero, a nonscore earned by 26 members, including Rep. Wilbur D. Mills, D-Ark., a presidential aspirant.

The highest scored recorded in the rating, a percentage system with penalties for absence, was 93, a rating shared by 14 House members.

The league said Democrats voted "right" more often than their GOP colleagues, with average scores of 43 and 36, respectively. The average score for the entire House was 41.

WR Defends GIs in Battle

WASHINGTON (AP) — Former Arkansas Gov. Winthrop Rockefeller told an American Legion meeting here Thursday that only the men in the field in Vietnam can determine whether troops should fire "on those blithely described as unarmed civilians."

"How dare any American sit at home in safety and comfort and by pious indirection condemn other Americans who at that moment may be fighting for their very lives — and his — on the other side of the world?" Rockefeller said.

He said that the ugliness of all war, the Vietnam conflict has added "a uniform that is indistinguishable from native clothing," and a "cunning that will send into a friendly camp a seemingly hapless peasant...who is, in fact, concealing beneath her simple garb enough high explosives to wipe out a company of men."

Rockefeller posed the question of whether he would order troops to fire on persons "blithely" described as unarmed civilians.

"I say to you — only the man who is there can answer that," Rockefeller said, answering the question.

The former governor spoke to the National Security Commission of the American Legion.
